TOP TIPS FOR YOUR STAY

Vehicles Please keep to the 5mph speed limit and follow the one way instructions. Reverse parking on-site is mandatory. One vehicle per pitch only.

BBQ's Gas or charcoal BBQ's can be enjoyed on site, but please ensure they are a safe distance from your unit and off the grass. **Campfires and fire pits are not permitted under any circumstances.**

Carbon monoxide can Kill Never use a fuel-burning appliance inside your tent or awning - even a cooling BBQ can be lethal.

Electricity Conditions are different to those at home, so take extra care not to overload your supply. Always fully unravel electricity connection cables before connecting to the power point.

Trip Hazard Look out for electric cables, guy ropes, pegs etc as you walk around the site. Please ensure steps are secured.

Torch The site can get dark, so we recommend using a torch at night (especially from the Glamping pods)

Recycling/Waste disposal point Please use the designated recycling and waste points.

Grey Waste All sewage waste from chemical toilets must be emptied at the chemical toilet disposal unit in the facilities block.

Visitors are welcome, however we have limited space onsite. Please advise the Warden when they are due so she can advise on where they can park.

FIRE - if there is a fire, leave your unit and warn others by shouting "FIRE". Call the fire service on 999 and give the address and postcode on the front of this leaflet.

POD/ STATIC CARAVAN GUESTS

Thank you for choosing Aden Caravan & Camping Pods for your holiday.

There should be everything you need in the Pod / Static but if you feel there is something missing, please ask the Warden who will be happy to assist you.

We appreciate that accidents do happen and ask that you be so kind as to report to the Warden if there are any mishaps. There will be a charge for any damages.

Reverse parking is mandatory throughout the site. As there is only one vehicle at each pod and the Static, visitors' cars can be parked in the car parks beside the entrance.

The washing up basin is for you to do your dishes and (for Pod Guests) there is a sink in the laundry room. Please wash up your dishes before you leave.

POD Guests -

The furniture is laid out to accommodate most guests using the Pod. However, if you do feel you need to re-configure the layout, please do so carefully to ensure there is no damage to the floors and covers. Please leave the pod as you found it before you depart.

At the end of your stay please remember to remove all your food/drink items from the fridge before you leave.

Upon check out please leave your key with the Warden.

We hope you enjoy your stay with us.
